mount a horse and sit up tall
Put it through degrees of paces
and laugh at the wonder in our faces"*

Reins of Life Mission Statement

To provide a pleasant and natural environment towards enhancing the physical, emotional, and cognitive abilities of disabled children and young adults through the experience of equestrian therapy.

Scholarship Fund:

Since launching the Reins of Life children's scholarship fund, families in financial need have been able to receive benefits. The scholarship fund helps meet the families financial needs while the therapeutic riding meets the physical, social and emotional needs of the children and young adults who participate.

We need help to offer scholarship funds to families in need whose children would otherwise be unable to benefit from this valuable therapy.
